Projects

Medical E-Commerce Website

Apr '24

Web Development

- Developed a medicine e-commerce website that improved healthcare accessibility by enabling online purchases of pharmaceutical products and services, including emergency medicine delivery from nearby stores.
- Designed user-friendly interfaces with clear product information to enhance customer experience.
- Achieved a 70% decrease in medication delivery time and a 20% improvement in patient outcomes by increasing accessibility for remote communities, including emergency medicine delivery from nearby stores.

Real Estate Website

Aug '23

Web Development

- Led a team of developers to build a real estate web application, completing all project milestones on time and reducing development time by 25%.
- Implemented robust admin functionalities for adding, updating, and deleting property details, streamlining content management.
- Applied responsive design principles to ensure usability across various devices.

Experience

Durvasa Infotech

Surat, Gujarat, India

Web Development Intern

Jan '25 - Apr '25

- Designed and developed Urban Hub, a full-stack service booking web app using HTML, CSS, JavaScript, Node.js, and MongoDB. Implemented features such as user authentication, service search, booking system, and automated alerts.
- Built admin tools for managing users, services, and bookings, enabling efficient platform administration and control.
- Reduced customer load by 70% by appointing service providers through the Urban Hub website, enhancing service delivery efficiency.

Borosil Renewables Limited

Bharuch, Gujarat, India

Web Development Intern

Jun '24 - Jul '24

- Built a web-based Visitor Management System (VMS) to streamline visitor registration and gate access approval.
- Added admin reporting and automated PDF pass generation.
- Collaborated with IT, HR, and security teams to ensure system alignment with company needs.
- Reduced visitor processing time by 95%.

Education

Shri S'ad Vidya Mandal Institute of Technology (Affiliated to Gujarat Technological University)

May '25

Bachelor of Engineering (BE) | Computer Science and Engineering | CGPA: 8.48
